

# North Judson-San Pierre School Corporation Continuous Learning Plan

Updated June 20, 2023

## **Delivery of Learning**

### Delivery of Continuous Learning Opportunities

- NJ-SP will offer our traditional, in-person programming to meet the needs of all students.
- NJ-SP will administer formative assessments to identify skill gaps.
- NJ-SP will offer additional instructional support and remediation for students who show skill gaps.
- NJ-SP will conduct regular meetings throughout the year with teachers to identify where students are academically.
- NJ-SP will offer tutoring sessions after school for students who need extra time and support in academics.
- NJ-SP teachers will prepare for potential future eLearning/remote learning.
- Teachers of our special student populations will provide direct assistance with their students' person-to-person as specified in their IEP, 504 plans, or ILP.

## **Achievement and Attendance**

### Avenues for students to earn high school credits.

- The NJ-SP Continuous Learning Plan provides avenues for our students to recover high school credit:
  - by utilizing the Apex Software and by completing courses via Google Classroom and/or;
  - re-taking courses that were not passed in previous grading period(s)

### Attendance Policy for Continuous Learning

- Student attendance for students participating in learning at school will be based on physical attendance in each class.

## **COVID Measures**

- IDOH no longer recommends contact tracing and quarantining in schools; LHDs in conjunction with their schools may elect to continue.
- If schools are made aware of a positive case, sharing the potential exposure with students/families can emphasize the importance of observation for symptoms associated with COVID-19
- Schools do not need to report any COVID-19 case information to IDOH, school dashboard will be discontinued.
- Schools should continue to isolate positive individuals for at least 5 days per CDC

- Schools should continue to assist their LHD with exposure notification when there is a cluster of positive COVID-19 cases or an outbreak. Schools should notify their LHD when absenteeism reaches 10 percent for COVID-like illness or when schools are concerned about the level of illness.
- A negative test or doctor's note is no longer required to return to school. As with other illnesses, students should not return to school unless they are fever free for at least 24 hours without the use of fever reducing medication and their symptoms are resolving.

**If an individual tests positive:**

- Should stay home and isolate from other people for at least 5 full days (day 0 is the first day of symptoms or the date of the day of the positive viral test for asymptomatic persons)
- People who are in isolation may return to school on day 6 as long as fever free for 24 hours without the use of fever reducing medications and symptoms have improved
- They should wear a mask when around others at home, in public and at school for an additional 5 days (days 6-10)
- People who are confirmed to have COVID-19 regardless of their vaccination status or symptoms should isolate.
