

**Spring 2015 ISTEP+ Part 2 Test Schedule**  
**Online and Paper-and-Pencil**  
**Maximum Test Times**

Schools have the flexibility to determine local testing schedules during the Test Window, (see test windows dates below). For example, a school may choose to give one test session per day.

The number of minutes per test session is set to make sure students do not feel rushed. If all students in the class finish before the end of the test session, the teacher may call "time" and end the test session early.
