

WHY SHOULD I CREATE A FAN ACCOUNT @ www.bluejaysports.org?

1. The primary reason for creating a fan account will be to use the system of alerts that can be automatically sent via email or text message. These alerts can notify users when a game has been postponed or cancelled.
2. If you just want to use the website for dates, times, and locations of our athletic events, you do not need to create an account. You can just use the bluejaysports.org website to search for this information.

HOW TO CREATE A FAN ACCOUNT

1. Go to www.bluejaysports.org
2. Find the FAN ACCOUNT LOGIN box.
3. Select CREATE ACCOUNT.
4. Enter information on the MY PROFILE page.
5. Click SIGN UP when your profile information has been entered.
6. You should now see a screen labeled MY DASHBOARD.
7. On the MY DASHBOARD screen, you can choose from three tabs:
 - MY ACCOUNT INFORMATION
 - MY FAVORITES/ALERTS
 - MY CONTENT
8. Click on the MY FAVORITES/ALERTS tab.
9. Once you click on this tab, you should see a screen with the following headings:
 - FAVORITES
 - ALERTS
 - ALERT SETTINGS
10. Under the FAVORITES tab, you need to first ADD A SCHOOL. Follow the commands that are given.
11. Then you need to ADD A TEAM. You can add as many teams as you would like. Follow the commands that are given.
12. Once all of your teams have been added, click on the ALERTS tab. A list of the teams that you chose will appear. Under each team, you will have two boxes you can check - SCHEDULE CHANGES and SCORES & STATS. We would definitely recommend that you check SCHEDULE CHANGES under each team that you are following. The capability on our end to regularly post SCORES & STATS is currently a work in progress – more info will come later on this – but the schedule change notification will be ready immediately.
13. After checking the alerts that you want to receive, then click on the ALERT SETTINGS tab. This will allow you to enter email and/or cell phone information. The phone numbers or email addresses that you enter here will be the destination of the alerts that are automatically sent by this program. It will take you through a confirmation process prior to fully activating the alert function. Please make sure that you don't forget to enter the confirmation code that is sent to you prior to completing this process.
14. Once you verify your device, you are finished, and you can go back to the home page and search the website, or simply log out of your fan account.
15. If you have any questions, feel free to contact Mr. Kevin Cox at 574-896-2158.
