February 14, 2019

Dear NJ-SP Students and Family:

We have a planned eLearning day scheduled for Monday, February 18. This eLearning day has been planned since the beginning of the school year. We originally thought this would be our first one, however, with the recent weather we have encountered, this will be our fourth one. Our teachers and students have done well in our first attempts with eLearning.

Each student will have eLearning lessons from their classes. Teachers will have assignments posted by 9:00 AM. In the event that you do not have access to Internet at home we can suggest the following options:

- Students may use the Computer lab at the Elementary School from 9:00 AM-12:00 Noon on February 18
- Utilize BK or McDonalds WIFI
- Make alternative arrangements with teacher ahead of time

As per our eLearning policies, all work should be completed and turned into teachers within three (3) days after the eLearning day. If work is not turned in at the end of the third day, the student will receive an unexcused absence for the class periods in which work is missing. Thank you for supporting NJ-SP schools. Your backing is crucial to your student's success and is greatly appreciated.

IMPORTANT: We still have four school days to make up from our inclement weather in January. We will have that makeup schedule to you by the week of February 25. We are working with administrators and teachers on a schedule and will seek Board approval on Tuesday night at our Board Meeting. Thank you for your patience and support during this winter season.

Sincerely,

Dr. Annette Zupin
Superintendent
