A Message From Mr. McKay:

Greetings from the office to our students and parents. We want to thank the kids and staff for seeing off our Girls BB team off to semi state last week. The kids really enjoyed the opportunity to see the "big kids" come through the hallways. Students and staff held signs, waved and listened to inspirational music in the hallways as the girls toured the building.

3rd grade parents should have received a letter from the office about the IRead-3 test which will take place on March 8 and 9th. The kids will be taking their practice test on Monday (8th) and the formal test on Tuesday (9th). Students have to take the practice test before they can begin the formal test. We appreciate your help with your child being prepared for the test.

Students will be able to participate in a book fair this year. Students will be provided plastic gloves so that they can touch the items. The dates for the book fair are listed below.

Now that the weather has turned, a bit, students have been able to get outside for recess, at times. Please remember to keep sending them with gear to go outside for recess. This is an essential time for them to get some exercise and socialize with their peers.

The remodel is coming! Parents you may start to see people working on the building this month. We are excited to see this progress as spring takes hold. Work on the new gym will be first on the south end of the building.

Start the Day Right!

Busy morning, no time to eat breakfast... On those days, why not send them to the School Breakfast Program? Schools are required to provide a breakfast meal that includes fruit, whole-grain rich items, and low fat or fat free milk. Check your child's menu to see the variety of nutritious choices available at School Breakfast or view on our school website.
